

# CITO DYNAMIC – the art of creasing

## The efficient film-based creasing matrix

The optimum creasing system for all solid board, corrugated board, display or folding carton board applications. Perfect handling due to Fingerlift technique and easy to trim with the knife. Outstanding adhesion on the cutting plate and residue-free removal thanks to EasyFix technology.

- 100% stable material
- Ideal for medium and long runs
- The total widths of 10 mm, 12 mm and 15 mm are adapted to the respective creasing channel and are available with different versions
- Great value for money
